

Theme: Embracing Harmony, Embracing SDGs

The SDGs or the global goals are challenging but are the world's best plan to build a better world for people and our planet by 2030. United Nations adopted SDGs as a universal call to action, to end poverty, protect the planet and ensure that by 2030 all people enjoy peace and prosperity. The SDGs are integrated- achieving progress and development in one automatically leads to the rise in other. Reaching out to all the SDGs, will help in betterment and development of all and thus help in achieving harmony.

Keeping this motto of UN in loop, MIMUN 2.0 is hosting the conference this year with the theme: "Embracing Harmony, Embracing SDGs". The conference aims at having a vibrant discussion with the motive to come up with the creativity, knowhow, technology and financial resources needed to achieve the SDGs.
